

## A digital waiter for restaurants

A tablet on every table: a photo menu in the guest's language, chef's picks and specials, a waiter call button.

### Monthly fees ₪ per month

| Monthly price = software & support + device rental × number of tables | Standard<br>with JET MEDIA ads, never competitors' ads |                               | Premium<br>no third-party ads |                               |
|-----------------------------------------------------------------------|--------------------------------------------------------|-------------------------------|-------------------------------|-------------------------------|
|                                                                       | Low season<br>April–October                            | High season<br>November–March | Low season<br>April–October   | High season<br>November–March |
|                                                                       |                                                        |                               |                               |                               |
| Software & support<br>per restaurant                                  | 1,200                                                  | 3,900                         | 2,400                         | 7,800                         |
| Device rental<br>each one, 1 per table                                | 240                                                    | 590                           | 480                           | 1,180                         |

### Examples ₪ per month by season, and per year: 7 low-season + 5 high-season months

| Tables | Standard   |             |          | Premium    |             |          |
|--------|------------|-------------|----------|------------|-------------|----------|
|        | Low season | High season | Per year | Low season | High season | Per year |
| 5      | 2,400      | 6,850       | 51,050   | 4,800      | 13,700      | 102,100  |
| 10     | 3,600      | 9,800       | 74,200   | 7,200      | 19,600      | 148,400  |
| 20     | 6,000      | 15,700      | 120,500  | 12,000     | 31,400      | 241,000  |
| 30     | 8,400      | 21,600      | 166,800  | 16,800     | 43,200      | 333,600  |
| 40     | 10,800     | 27,500      | 213,100  | 21,600     | 55,000      | 426,200  |

### Base package – included in the monthly fee

- ✓ A device on every table with phone charging
- ✓ Menu in several languages
- ✓ Call a waiter and ask for the bill
- ✓ Interactive menu with photos and dish descriptions
- ✓ Chef's picks, specials and seasonal dishes
- ✓ Updates and technical support

### Add-on modules for either plan, ₪

| Module                                                                                         | Setup  | Per month |
|------------------------------------------------------------------------------------------------|--------|-----------|
| <b>Ordering from the table</b> Guests order and re-order themselves; staff see it at once.     | 5,000  | +1,000    |
| <b>POS integration</b> Orders go to your POS and kitchen; menu and prices stay in sync.        | 10,000 | +1,000    |
| <b>AI recommendations</b> AI suggests dishes and drinks by the guest's choice and time of day. | 5,000  | +1,500    |
| <b>Analytics</b> Reports on dishes, promos and guests; staff response time.                    | 3,000  | +800      |
| <b>Loyalty programme</b> Rewards for regulars, favourite dishes, promo invitations.            | 3,000  | +800      |
| <b>Guest feedback</b> Guests rate their visit on the tablet; the manager sees it at once.      | 2,000  | +500      |

Setup is one-time, when you add a module — at the start or later. A module's monthly fee is added to the monthly bill and does not depend on the season or plan. Modules take extra time to set up, depending on the module and your POS.

### Setup and terms

- Base package setup — **5,000 ₪** one-time, at contract signing: installation, menu upload, staff training.
- Seasons: high is November–March (5 months), low is April–October (7 months).
- Devices are rented, one per table. Warranty replacement is at JET MEDIA's expense.
- Contract from 12 months; you can cancel within the first 2 months. Monthly billing; prices in Thai baht.
