Add-on modules for either plan, ₪ incl. 7% VAT

Module	Setup	Per month
Ordering from the table Guests order and re-order themselves; staff see it at once.	5,000	+1,000
POS integration Orders go to your POS and kitchen; menu and prices stay in sync.	10,000	+1,000
AI recommendations AI suggests dishes and drinks by the guest's choice and time of day.	5,000	+1,500
Analytics Reports on dishes, promos and guests; staff response time.	3,000	+800
Loyalty programme Rewards for regulars, favourite dishes, promo invitations.	3,000	+800
Guest feedback Guests rate their visit on the tablet; the manager sees it at once.	2,000	+500

Setup is one-time, when you add a module — at the start or later. A module's monthly fee is added to the monthly bill and does not depend on the season or plan. Modules take extra time to set up, depending on the module and your POS.
